DEAR CANDIDATES

An ARTIST lives here.

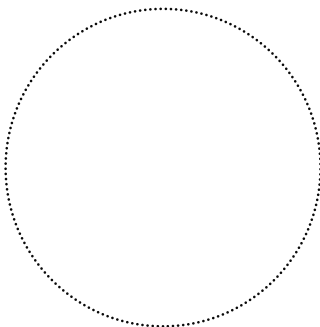

I will be voting on October 21.

Please knock on my door to discuss:

- Levelling the playing field so all players in Canada's film, television and digital media industry – domestic and foreign, traditional and digital – are held to the same standards in terms of taxation, production contributions and discoverability of Canadian content.
- Supporting long-term, stable funding to the CBC/Radio-Canada, Canada Media Fund, National Film Board and Telefilm Canada.
- Delivering a made-in-Canada copyright solution that respects audiovisual performers and ensures we are properly compensated for our work, including the extension of economic and moral rights to audiovisual artists.

Thank you!

Our \$9 billion film, television and digital media industry makes a significant contribution to Canada's economy. It's more important than ever our government understands, recognizes and supports our industry.

Let's Keep Canada on our Screens by putting Canadian stories and talent at the heart of our next government's cultural policy.
